RECOMME	ENDED ACTION: That the Board of County Commissioners approve the IGA between Adams County and the City of Thornton					

BACKGROUND:

Adams County and the City of Thornton desire to enter into an Intergovernmental Agreement (IGA) between the City of Thornton and Adams County for the Paving of 88th Avenue. The IGA outlines the responsibilities of both the City of Thornton (City) and Adams County (County) regarding the street paving program and associated costs. The County's annual street paving program rehabilitates roadways throughout unincorporated Adams County and includes this portion of 88th Avenue in unincorporated Adams County, as part of the City's street paving program in 2017. Due to the City's 2017 street paving program including this street located within both the unincorporated County and the City, it was determined there could be cost savings by including street paving along this corridor and subsequently reimbursing the City as outlined in the IGA. The estimate of the County contribution is \$129,738.70 based on the project area associated with the County's jurisdictional responsibility.
