RECOMMENDED ACTION: That the Board of County Commissioners approves a resolution to adopt amendments to the marijuana licensing regulations

BACKGROUND:

On December 11, 2018 in public hearing, the Board of County Commissioners approved modifications to the existing retail marijuana licensing caps. Since the creation of the County's marijuana licensing program in December 2014, the total number and the types of retail marijuana licenses have been set by resolution. Staff recommends formally incorporating the established number and types of licenses directly into the marijuana licensing regulations at this time for clarity and for ease of administration for both the staff and the public. In addition, based on direction provided in the August 28, 2018 study session, staff has incorporated into these regulation amendments the modification to the hours of operation for retail stores to align with state regulations.
