RE: Financial Commitment in Principle towards the local match on the I-70 System Feasibility Study

Dear Paul,

Adams County is pleased to provide this letter of financial commitment in principle of \$100,000 towards I-70 corridor system feasibility study, subject to annual appropriation. Given the current and future growth demands associated with large, proposed development projects along I-70, we commend CDOT for initiating the study to better plan and coordinate transportation needs along the corridor.

The county looks forward to working with CDOT and Arapahoe County on this important transportation study.

Sincerely,
