RECOMMENDED ACTION: That the Board of County Commissioners approves the Amendment No. 1 of the Subdivision Improvements Agreement with Cardel Westminster Townhomes, LLC which places responsibility for certain public improvements to be constructed by the Developer as described in Exhibit "C". These public improvements consist of new sidewalk and drainage improvements as shown in Exhibit "C".

BACKGROUND:

The Developer is the owner of the property located south and west of the intersections of W 68th Ave and Clay St in Adams County. The developer shall be responsible for the design and installation of entrance aprons, sidewalk, ADA curb ramps, roadway improvements adjacent to the site and improvements to the existing detention pond.

A Subdivision Improvements Agreement (SIA) was previously approved for this development on May 7, 2019. The original SIA was approved at hearing with the final Plat for the Pomponio Filing No. 4 Subdivision (Case # PRC2018-00002). The original expiration date of the SIA was to be October 31, 2019. The commencement of construction activities was delayed due to un-for-seen circumstances with utilities that are to serve the site. The developer requested and was granted a 180 day, administratively approved, extension to the original SIA completion date; the extended completion date was to be April 29, 2020. However, the Developer was not able to resolve the issue with utilities until recently and has not begun construction of the development. The original Developer, Pomponio Terrace Holdings, LLC has since sold the project to Cardel Westminster Townhomes, LLC. Now that the utility issue is resolved, the new Developer would like to begin construction and is requesting an amended SIA to allow for the construction of public improvements and the issuance of building permits.

The subject request is consistent with the requirement for approval of a Subdivision Improvements Agreement for new development within Adams County. In addition, staff reviewed the Amendment No. 1 to the Subdivision Improvements Agreement and determined

that the proposed improvements conform to the requirements outlined in the County's Development Standard and Regulations.

The Department of Community and Economic Development also reviewed construction documents associated with the development. Final acceptance of the project is contingent upon approval of the Amendment No. 1 of the Subdivision Improvements Agreement.
